1. Identification

Product identifier
  Trade name  Slurry Products – Kaobrite 600 Series, Kaogloss 600 Series, Kaogloss Plus, Kaomax AK, Kaoprint, Kaowhite SP, Lopaque Plus, Kaomax Plus

Other means of identification
  Synonyms  No information available.

Recommended use of the chemical and restrictions on use  No further relevant information available.

Product description  Mineral pigment, or filler primarily used in paper, paper coatings, paints, rubber and plastic formulations.

Manufacturer/Importer/Supplier/Distributor information
  Manufacturer/Supplier  Thiele Kaolin Company
  520 Kaolin Road
  P.O. Box 1056
  Sandersville, Georgia 31082 U.S.A.
  (478) 552-3951

  Email  SafetyDataSheet@thielekaolin.com

  Website  Thielekaolin.com

  Contact Person  Andy Crabb

  Emergency Telephone  478-552-3951

2. Hazard(s) identification

Classification of the substance or mixture
The substance is not classified according to OSHA HazCom Standard 29 CFR paragraph (d) of §1910.1200(g) and the Globally Harmonized System (GHS) Rev 03.

Label elements

GHS label elements  Non-Regulated Material

Hazard pictograms  Non-Regulated Material

Signal word  Non-Regulated Material

Hazard statements  Non-Regulated Material

Classification system

NFPA ratings (scale 0 - 4)

- Health = 0
- Fire = 0
- Reactivity = 0
HMIS-ratings (scale 0 - 4)

- Health = 0
- Fire = 0
- Reactivity = 0

Hazard(s) not otherwise Classified (HNOC): None known

### 3. Composition/information on ingredients

</tr>
</tbody>
</table>

### 4. First-aid measures

**Description of first aid measures**

- Inhalation: Supply fresh air; consult doctor in case of complaints.
- Ingestion: If large quantities are ingested, seek medical advice.
- Skin contact: Wash with soap and water. If skin irritation occurs, consult a doctor.
- Eye contact: Rinse opened eye for several minutes under running water.

**Most important symptoms/effects, both acute and delayed**
No further relevant information available.

**Indication of immediate medical attention and special treatment needed**
Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

**General information**
No special measures required.

### 5. Fire-fighting measures

**Suitable extinguishing media:** CO₂, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

**Unsuitable extinguishing media**
None known.

**Special hazards arising from the substance or mixture**
Non-combustible, substance itself does not burn.

**Protective equipment for fire-fighters**
As in any fire, wear self-contained breathing apparatus pressure-demand (NIOSH approved or equivalent), and full protective gear to prevent contact with skin and eyes.

### 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**
Wear protective equipment. Keep unprotected persons away. Product is slippery when spilled.

**Environmental precautions**
Do not allow to enter sewers/surface or ground water.

Methods and materials for containment and cleaning up
Absorb with liquid-binding material (ie. sand, diatomite, acid binders, universal binders, sawdust). Dispose of the collected material according to regulations.

Reference to other sections
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7. Handling and storage

Precautions for safe handling
Ensure good ventilation/exhaustion at the workplace. Avoid prolonged or repeated exposure.

Conditions for safe storage
Store in a cool, dry place. Store in a well ventilated place.

Incompatible materials
None known.

Specific end use(s)
No further relevant information available.

8. Exposure controls/personal protection

Occupational exposure limits
No exposure limits have been published for calcined kaolin products. We recommend using the limits published for Kaolin (CAS# 1332-58-7).

Additional information: The lists that were valid during the creation of this SDS were used as basis.

Protective equipment

- **Appropriate engineering controls**: Provide general ventilation in processing and storage. Provide local exhaust if necessary to reduce dust levels below acceptable limits.
- **Respiratory equipment**: Not required.
- **Hand protection**: Wear protective gloves.
- **Eye protection**: Wear safety glasses.
- **Other protection**: Wear appropriate clothing to prevent any possibility of skin contact.
- **General hygiene considerations**: Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing and wash before reuse. Wash hands before breaks and at the end of work.

Hazardous decomposition products
No dangerous decomposition products known.

11. Toxicological information

Information on likely routes of exposure

Ingestion
No information available.

Inhalation
No information available.

Skin contact
Mild irritant effect.

Eye contact
Mild irritant effect.

Symptoms related to the physical, chemical and toxicological characteristics
No information available.

Delayed and immediate effects and also chronic effects from short- and long-term exposure
No information available.

Numerical measures of toxicity
No information available.

Skin corrosion/irritation
No information available.

Serious eye damage/eye irritation
No information available.

Respiratory or skin sensitization

Respiratory sensitization
No information available.

Skin sensitization
No information available.

Germ cell mutagenicity
No information available.

Carcinogenicity
This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.

Reproductive toxicity
No information available.

Specific target organ toxicity - single exposure
No information available.

Specific target organ toxicity - repeated exposure
No information available.

Aspiration hazard
No information available.

Additional toxicological information
The product is not subject to classification according to internally approved calculation methods for preparations.
When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

12. Ecological information

Numerical measures of toxicity
No information available.

Persistence and degradability
No further relevant information available.

Bioaccumulative potential
No further relevant information available.

Mobility in soil
No further relevant information available.

Results of PBT and vPvB assessment
Not applicable.

Other adverse effects
No further relevant information available.
13. Disposal considerations

Disposal instructions
Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

Contaminated packaging
Disposal must be made according to official regulations. Use water, if necessary with cleansing agents.

14. Transport information

<table>

15. Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

Sara

Section 355 (extremely hazardous substances)
None of the ingredients are listed.

Section 313 (Specific toxic chemical listings):
None of the ingredients are listed.

TSCA (Toxic Substances Control Act):
All ingredients are listed.

California Proposition 65

Chemicals known to cause cancer:
None of the ingredients are listed.

Chemicals known to cause reproductive toxicity for females:
None of the ingredients are listed.

Chemicals known to cause reproductive toxicity for males:
None of the ingredients are listed.

Chemicals known to cause developmental toxicity:
None of the ingredients are listed.

Carcinogenic categories

EPA (Environmental Protection Agency)
None of the ingredients are listed.

TLV (Threshold Limit Value established by ACGIH)
1332-58-7 Kaolin 2 mg/m³

NIOSH-Ca (National Institute for Occupational Safety and Health)
None of the ingredients are listed.

GHS label elements Non-Regulated Material
Hazard pictograms Non-Regulated Material
Signal word Non-Regulated Material
Hazard statements Non-Regulated Material

National regulations:
The product is subject to be classified according with the latest version of the regulations on hazardous substances.

State Right to Know
1332-58-7 Kaolin 65-95 %
92704-41-1 Calcined Kaolin 5-35%
All ingredients are listed.

Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16. Other information

Information Sources OSHA HazCom Standard 29 CFR 1910.1200(g) and GHS Rev 03.
Date of preparation / last revision 11/24/2015 – new product names added, no additional revisions to content.
